ABOUT ME

I am primarily interested in finding a position in the digital printing / publishing industry. I am a dedicated puzzle solver who excels at finding solutions using new techniques and methods. Independent and highly motivated, adept at learning new things and pushing technology to its limit, I often build my own tools when ones are not already available. I am a firm believer that there is nothing that I can not do, only things I have not done yet. Nothing is impossible.

EMPLOYMENT EXPERIENCE

Cross-Media Developer   2010 - Present
Lake County Press, Inc. | Waukegan, IL

- In charge of implementation of cross-media variable data projects combining print, online and mobile experiences
- Lead developer for creating a wide variety of VDP projects and custom online experiences by adapting existing tools and by creating new ones
- Extensive use of XMPie including writing server-side code for interacting with the system via APIs
- Build a JavaScript framework to sit atop uStore enabling the creating of dynamic, responsive forms that react to customer input
- Style and maintain multiple storefronts linking to a common back-end, including adding custom functionality
- Document new procedures and train others to use new tools and features

Graphic Designer, Network Administrator   2004 - 2010
Nice Lines Direct Mail, Inc. | Norristown, PA

- Design and program conplex, variable data, direct-mail packages
- Create original artwork and format client art to conform to print and postal specs
- Collaborate with project managers to ensure smooth communication and timely progress on all projects
- Maintain and troubleshoot internal network and email server
- Manage Project Management, Online Ordering and Fulfillment systems

Design and Layout Artist   2008 - 2010
Dream Pod 9, Inc. | Montreal, Canada

- Concept and layout for large, full-color rulebooks in both print and e-book format
- Design advertising and game related materials and layout of quarterly magazine
- Work with a team from across the globe using online collaboration tools
- Design website look and feel and create custom Joomla theme

Graphic Designer, Prepress   2001 - 2004
TransAmerica Printing | Opelika, AL
